

## PLAN WARD SYSTEM TO URGE SUFFRAGE

Mrs. Belmont Is Loaded With Schemes to Further Cause.

NEW YORK, June 14.—Mrs. Oliver H. Belmont, who recently returned from England loaded with suffrage ammunition, is today perfecting a plan for the spread of the cause throughout New York city.

"I think we should divide the city into districts just as the political organizations do," said Mrs. Belmont, "and wage a permanent, persistent campaign against all anti-suffrage candidates. Republicans and Democrats alike. There might be a league of the college graduates—practically all college women who are suffragettes—who would speak in these districts. It would be no small thing for a candidate to have all the women in his district against him, even though they had no vote.

"The opposition would be relentless. No before-election pledges would satisfy us. And, of course, the campaign of education among the women should be kept up."

## MRS. KIP BRANDS RUMOR GROUNDLESS

Declares Her Stay in Reno Was Due to a Throat Ailment.

SAN FRANCISCO, June 14.—Mrs. Henry Spies Kip, well known in New York society and a descendant of old Peter Stuyvesant, is here from Reno, Nev., where she has been living for several months.

Mrs. Kip denies that there is any ground for reports of divorce, and says she has been living in Reno because of throat ailment, for which the dry air and high altitude of Reno were recommended.

Mrs. Kip was Frances Caster Jones, daughter of Lewis Quintin Jones, and she married, in 1892, William Bird Kip, of Rhinebeck-on-the-Hudson. She separated from her husband in September, 1897.

## TAILORS IN CAPITAL ORGANIZE A UNION

Local knights of the goose, the iron, and the needle have formed a union to be known as Journeymen Tailors' Local, which will be affiliated with the American Federation of Labor. One hundred tailors attended a meeting held last evening at the Pythian Temple, which was addressed by Arthur Holder, organizer of the A. F. of L., and F. C. Roberts, of the Typographical Union. Other speeches were made in Yiddish, German, and Italian. All those present signed the application for a charter.

## HELEN HALE WEDS WILLIAM HODGE

NEW YORK, June 14.—Helen Hale, an actress, whom rumor has engaged from time to time to nearly a score of wealthy young men, and who but a week ago emphatically announced her intention never to wed at all, has been quietly married to William Hodge, star of "The Man From Home," at the home of the Rev. Dr. John Wesley Hill.

## WILL MEASURE ROUTE OF MARATHON EVENT

Auto With A. A. U. Official Will Determine Exact Length of Intercity Course This Afternoon. Enzor Gets Glad Hand.

The exact distance of the Marathon course, from the starting line in Laurel to the finish in front of the Munsey building will be measured this afternoon.

An automobile with a standard odometer will carry an official of the race over the route, and this time will be officially recognized by the A. A. U.

Enzor's time of 2:12:32 proved such a surprise to followers of the event who did not expect the leader to finish inside of two and a half hours, that his time will be recorded as a basis for comparison. It is not believed that this record will be equaled in the near future, even if the road is in better condition than on Saturday.

Modesty, natural ability, and a mental poise which enables him to keep a definite object in view under the most trying circumstances, are the most noticeable characteristics of Emory B. Enzor, winner of The Times-News Marathon.

It was the quality of indifference to his surroundings as long as he was accomplishing his purpose which enabled him to maintain a steadily increasing lead when he was without pacesetters, and this came to the top again in an unusual manner after the race. He visited The Times after his bath and rub down to inquire about the presentation of the medals. It was then about 2 p. m., and when told that the prizes would be distributed at 3:30 p. m. he remarked: "I am glad I have a little time to spare, for I want to go to the office and clean up some work I left there."

The excitement, the fatigue, and the relapse following the cessation of his tremendous physical efforts had not made him forget his duties with Swift & Co., where he is employed.

Enzor will be twenty-four years old on June 29, and was born in Georgia. His only athletic training has been in the past two years, since he joined the Washington Y. M. C. A., and he has risen to the position of captain of the Y. M. C. A. distance runners. He never considered himself a possible Marathon winner until recently, but was filled with the idea that he had the making of a star at from 40 yards to 60 yards. His experience in the Y. M. C. A. and Gurley cross country runs gave him the idea that he was good for several miles. To try himself out he entered a fifteen mile run two weeks ago. The "Marathon" fever in its most virulent form was the result of this and he determined to make a try at The Times-News handsome trophy.

Considering the even grit he maintained for twenty miles, Enzor did astonishingly little actual running in preparation for either of the Marathons in which he has started. He did not do more than twenty miles on the road for either event, divided into equal stints, and on alternate days of the week preceding the race. His other work consisted of long walks and a few miles on the indoor track at the Y. M. C. A.

Enzor is five feet ten inches tall and weighs about 140 pounds. He is built along racing lines, having little spare flesh and muscles that develop into stringiness rather than the jumpy style popular with wrestlers and professional strong men.

## BODY OF I. R. HITT BURIED IN ILLINOIS

ISAAC R. HITT.

Land Agent's Friends Hold Services at Son's Washington Home.

Funeral services for Isaac R. Hitt, State land agent for Illinois, who died last night, will be held at the residence of his son Isaac Hitt 1324 Columbia road at 5 o'clock this afternoon. Following the services the body will be shipped to Evanston, Ill., for burial.

Mr. Hitt was eighty-one years old and his death was due to the infirmities of age. He was born at Boonsboro, Md., and was the oldest son of Dr. Willis Washington Hitt and Mary Reynolds Hitt, a daughter of Isaac Reynolds, of Baltimore.

Mr. Hitt graduated at Asbury University, now De Pauw, in 1841, and moved to Chicago in 1850. He studied law in Illinois with reference to land especially. He was a member of the Secret Service under General Grant, a park commissioner of Chicago, and one of the men who helped in establishing that city's system of boulevards.

Two sons, Arza Brown Hitt, of Mineral Springs, Tex., and Isaac R. Hitt, attorney-at-law, of this city, survive him.

In 1878 Mr. Hitt was appointed by the Governor of Illinois as agent of the State to adjust and settle the claims of the State against the General Government, growing out of the grant of swampy lands to the State under the act of Congress approved September 23, 1850. This position he held until the time of his death.

Mr. Hitt was taken from Maryland to Vincennes, Ind., when a boy, in a carriage in which his parents drove across country. In boyhood he was treed by a wild moose on the banks of the Wabash river. He was a soldier in Grant's army and was said to have been the first Union man to enter Vicksburg. Mr. Hitt was a friend of Abraham Lincoln, and a Republican his life long.

## WAGE A WAR ON SALE OF LIQUOR ON BOATS

Commissioner Declares Test Cases Will Be Made to Determine Authority of Commissioners Over Craft Plying On Potomac.

In an endeavor to prohibit the sale of liquor on steamboats within the jurisdiction of the District of Columbia, the Commissioners directed Harbor-master J. R. Sutton to obtain evidence against certain of the river boats. Prosecutions, it was said today, will follow in the Police Court.

In an opinion submitted to the Commissioners in 1908 the Corporation Counsel held that the Excise Board was without authority to grant a liquor license to steamboats plying on the Potomac river.

"That question," says Corporation Counsel Thomas, "in a subsequent opinion, was answered in the negative, because it was held that no authority was conferred on the Excise Board to grant such a license. The question whether intoxicating liquor can be sold on boats plying within this jurisdiction is entirely different.

"The sale of liquor at retail or otherwise, is not permitted without a license, and the fact that the party is unable to procure a license is no defense. For example, no license can be granted to sell liquor within a mile of the Soldiers'

Home, but this does not give a person the right to sell intoxicating liquor within this area because he cannot procure a license."

Commissioner West said today that one or two test cases will be made in order that the authority of the Commissioners over the sale of liquor on boats within the boundaries of the District may be determined by the courts.

## BENNING CITIZEN ROBBED OF \$1,920

PITTSBURG, June 14.—The police are looking for the man who slugged C. L. Collier, of Benning, D. C., and after robbing him of \$1,920 left him lying unconscious in the Wabash railroad yard. Collier was found yesterday morning, and is now in an unconscious condition at the South Side Hospital. He was struck on the back of the head.

Popular Excursion, Sunday, June 20th, Baltimore & Ohio R. R., to Frederick, Keedysville (Antietam) and Harpers and return. Special train leaves Washington 8 a. m., returning same day. —Advt.

## SWEET-TOOTHED THIEF AROUSES HOUSEWIVES

Gets Away With Full Stocks of Home-Made Jams and Preserves From Twenty Residences at City Island, New York.

NEW YORK, June 14.—A telephone operator in police headquarters was awakened today by a buzzing of the wires. Placing the receiver to his ear he caught this message from City Island.

"To all precincts: Look for ten jars of peaches, ten of strawberries, five of quinces, fourteen of pears, and twenty-three of green gages."

"Well, I'll be jammed," said the operator. "Say, lieutenant, you don't hope to recover these things, do you?"

"Oh, no," replied the City Island man, "but I have to give you this to preserve our records. Wouldn't that jar you?"

Seven detectives traveled to City Island and asked Lieutenant Mangin for further details. They learned that in the past two weeks somebody had entered the homes of at least twenty wealthy summer residents, carrying off any jam thing they could find.

On last Friday morning one of these men forced his way into the home of Henry Du Barros, a broker living on City Island avenue. There were seven or five jars of fruit which had occupied

a whole season in preserving, in the kitchen and several more in the dining room. Also in the dining room was a quantity of silverware worth \$500. The thief entered the dining room first and brushed knives, spoons, forks, trays, and pitchers to the floor, stamping on a \$100 server. Then he lighted on a bottle of peaches and the trail led to others. He cleaned the house of preserves and departed.

Mrs. Willetta Bell, of 80 West Scofield street, and Granville McDaniels, living on Pilot avenue, were visited just before dawn yesterday. After forming an alliance with forty-five jars of preserves in Mrs. Bell's home, the burglar departed. He found a feather mattress in Mrs. Bell's house and took it. From Mr. McDaniels' residence forty jars of quinces and green gages were led away.

Joe Miner, a fisherman, was going out on an expedition yesterday, but he couldn't find his boat. He located the craft near the bridge leading to Pelham Park. There were twenty-five jars of fruit in it.

"This is a jam shame," said one City Islander yesterday. "We are not going to put up with this thing of putting up fruit and having thieves take it. We shall hold a meeting some day this week and organize a vigilance committee. Our slogan will be 'Our preserves must be preserved.'"

## FOUR ARE INJURED DURING JOY RIDE

Chauffeur Dying and Two Girls and One Man Badly Bruised.

NEW YORK, June 14.—John Gleason, twenty-eight, of 181 East 107th street, is dying in Fordham Hospital, and Harry Yorkel, and two girls are badly bruised as a result of an automobile accident early today.

The four were thrown from a big touring car when it crashed into a trolley pole in the Bronx, while going at a high rate of speed—Gleason was thrown under the car as it skidded into the pole and he sustained internal injuries that the doctors say will prove fatal. The others escaped with bruises. The car belonged to Leo S. Bruzo, of Fifth avenue.

## MOOSE TO GIVE EXCURSION.

Hard No. 9, Special Order of the Moose, will give an excursion to Chesapeake Beach tomorrow. The proceeds will be devoted toward the expenses of the annual convention of the organization to be held in this city in October.

Commencement Flowers a Specialty. Bouquets, baskets, etc. Shaffer, 14th & L.—Advt.
